CONSERVATIVE MAJORITY FUND
AMENDED APRIL QUARTERLY REPORT (01/01 - 03/31/2014)

BEST EFFORTS

Given that a large number of the contributions received are as a result of solicitations for our "small donor programs" and despite the fact that each appeal includes a clear and conspicuous request for the contributor information as well as occupation and employer; many of the donors do not provide that information on the initial request. The committee has established procedures whereby the following steps are taken to satisfy the "best efforts" requirements: (i) within thirty (30) days of the receipt of the contribution, a letter is sent, clearly asking for the missing information, without soliciting a contribution; (ii) we inform the contributor of the requirements of federal law for the reporting of such information; and (iii) we provide a pre-addressed return envelope, a fax number and an email address. Upon receipt of the information the committee will amend its reports to provide the new information.

The Committee has amended its report to disclose Employer and Occupation information received through our "best efforts" mailings.

VOIDED CONTRIBUTIONS

Schedule A supporting Line 11(a)(i) disclosed voided contributions that appeared not to be previously reported by the committee. In many cases, the contribution reversal in the first quarter of 2014; pertained to a contribution made in 2013. Donors would sometimes have a change of heart after reviewing their credit card statements; others who had authorized monthly or quarterly contributions decided that although they would like to give more, realized that they just couldn't afford it.

In addition, there were instances where a contribution reversal was processed twice ("x 2") and in one instance four ("x 4") times. Below is a listing of many of the donors who fall into the two categories:

		Original Contribution	//	Contribution Reversal

MEMO ENTRIES

Schedule B supporting Line 21(b) of the report disclosed activity identified as MEMO entries that did not appear to correspond with any itemized transactions. In each case the MEMO entry represents a PAC consulting fee paid directly by InfoCision Management Corp. from the sums disbursed to them by Conservative Majority Fund.

I trust that this response adequately addresses those three issues.
